

Ferrovibe®

Iron Polymaltose 60 mg

30 film-coated tablets

Each film-coated tablet contains:

Iron (as Ferric Hydroxide Polymaltose Complex) 60 mg elemental

Indication:

Ferrovibe® is used to support the body's iron requirements and prevent iron-deficiency anemia. This product is a supplement and not intended to prevent, diagnose or treat any disease.

Dosage and Administration:

- Take Ferrovibe® as directed by a doctor or pharmacist.
- Swallow the tablet whole with a full glass of water. Do not chew or crush the tablet.
- To reduce gastrointestinal discomfort, the iron tablet may be taken immediately after a meal.
- Do not change the recommended dose without consulting a doctor or pharmacist.

Other Ingredients:

Polyethylene glycol, Microcrystalline cellulose, Magnesium stearate, Crospovidone, Hydroxypropyl methylcellulose, Titanium dioxide.

Possible Side Effects:

Iron supplements may cause side effects, including abdominal pain, nausea, change in stool color, diarrhea, constipation and loss of appetite.

If you notice any side effects, consult a doctor or pharmacist.

Precautions and Warnings:

- This product is high dose and considering that the amount of iron in this product is 33.33% higher than upper intake level, it must be used as prescribed by a doctor or a pharmacist.
- Do not use this product if you are allergic to any of its ingredients.
- If you miss a dose, continue with your regular dosing schedule.
- Consult your doctor or pharmacist before use if you are pregnant or breastfeeding.
- Do not use this product if you have high iron levels in the blood, such as in hemochromatosis or chronic hemolysis.
- In case of iron-related hematologic disorders, such as thalassemia, sideroblastic anemia, or anemia associated with lead poisoning, consult a doctor or pharmacist before administering this product.
- If you are taking other medications, you should consult with a doctor or pharmacist before using this product.

Storage Conditions:

- Keep out of reach and sight of children.
- Store below 30°C in the original package, protected from sunlight and moisture.
- Do not use after the expiry date.

Packaging:

Each package of Ferrovibe® contains 30 film-coated tablets with a leaflet.
